DR. HENRY HEPBURN TO SPEAK SUNDAY

WILL BE IN PRESBYTERIAN PULPIT AT 11 O'CLOCK

BIG CHUECH OF NATION

Allison to Give Sunday Evening His Last Sermon Before Going on Vacation

Dr. Henry Hepburn, pastor of the Buena Memorial Presbyterian Church of Chicago, is to be the preacher at 11 o'clock Sunday morning at the Presbyterian Church on the theme "God's Honor Roll."

At 8 o'clock in the evening, the pastor is to speak on the theme "Including God." This will be the last service for the pastor until September 3.

Mrs. Allen Hinckley is to sing both morning and evening. In the morning she is to repeat one of the solos she has already sung. So many have asked her to sing again "He Was Despised" one of the great contralto arias from Handel's "Messiah," that she has consented to repeat it. In the evening she will sing "The Better Land" by Cowan.

Dr. Hepburn was a former pastor of the Rev. S. P. Allison. It was in the Buena Memorial Presbyterian Church that Mr. Allison was ordained to the ministry, and Dr. Hepburn had a prominent part in that service. Mr. Allison's father, Dr. William B. Allison, has also been intimately in touch with Dr. Hepburn, as he has been the foreign pastor of the Buena Church, being a missionary in Guatemala.

Since 1908 when Dr. Hepburn became the pastor of this church, it has shown remarkable growth. It is situated on Sheridan Road on the growing North Side of Chicago, and has kept pace with the development of that part of the city. Now it has a high place among the big Presbyterian churches of the nation. Many visit its Bible School, both on account of its size and efficiency. In contributions to church work and benevolences the amounts are large. One of the things which most distinguishes the church, however, is the spirit of consecration and devotion. Under the leadership of Dr. Hepburn it has become a real family church.

The growth of the church made necessary a few years ago the erection of a Bible School and gymnasium building. Now more room still is needed and a new church is replacing the old auditorium. On June 18 the corner stone was laid, and for this ceremony Sheridan Road was closed to traffic for over an hour, on account of the large crowd attending the open air exercises. The plant when completed will be worth about $300,000.

They left here on Wabash train number 14 Wednesday night and had a long wait at Moberly, spending the time with Mr. Catterson at a hotel.

COMBINED MEN'S CLASSES SUNDAY

TO MEET AT COURT HOUSE AT 9:45 O'CLOCK

ON LAW ENFORCEMENT

Speakers at First Methodist and Christian Churches at 11 O'Clock

A combined meeting of the men's Bible classes of Maryville will be held at the court house at 9:45 o'clock Sunday morning, for the purpose of promoting the organization of the Law Enforcement League, established last Sunday afternoon at a meeting at the Presbyterian Church. The classes will meet at their regular class rooms at the churches at 9:30 o'clock and will go soon afterwards to the court house. Plans will be made for carrying out the program of law enforcement.

W. F. McConn, superintendent of the Kansas City district of the Anti Saloon League, and W. S. Foreman, assistant state superintendent of the Anti-Saloon League, will be present at the meeting. They will make short talks and assist in the plans for carrying on the work of the organization.

The program of having meetings at the churches in the interest of the league and of law enforcement will be continued in the churches Sunday. The plan in the beginning was to have the speakers at all the churches the same morning. Last Sunday was the morning set for these meetings. It was not possible to arrange speaking for the First Methodist and First Christian Churches, so Mr. McConn will speak at the First Methodist church at 11 o'clock Sunday and Mr. Foreman will speak at the Christian Church at the same time. Their talks will be along the same line as those given last Sunday morning at the Presbyterian, Baptist and Buchanan Street Methodist churches.

Mr. McConn is the one who spoke last Sunday at the Presbyterian church and who scored Senator Reed.

E. C. GOODEN RAISING BIG CROP OF CORN

Farmer Near Parnell Expects to Feed It to His Duroc Jersey Herd

E. C. Gooden, four and a half miles southwest of Parnell has about 130 acres of corn which he intends to feed out to his Duroc Jersey hogs. He has a fine herd of 250 hogs which include about forty brood sows and one boar. All of these are purebred with the exception of about fifteen.

Mr. Gooden's corn crop looks fine with the exception of about ten acres which the Platte River flooded during the recent high water. Yesterday he finished harvesting about twenty acres of timothy hay.

The flood waters of the Platte River ruined about eight or ten loads of clover hay for Mr. Gooden but he saved about fifteen loads of the clover. He does not have any of his farm in oats or wheat this year.

SELL 353 SEASON TICKETS FIRST DAY

H. C. TODD PLEASED WITH SALES FOR CHAUTAUQUA.

55 IN ONE DISTRICT

Remarkable Records in South and the North Sections of the City are Reported.

Three hundred and fifty-three season tickets for the chautauqua were sold yesterday during the first day they were on sale. Of this number 318 were adult tickets and thirty-five were children's tickets. H. C. Todd, chairman of the guarantors, says that he has no data on sales for the first day of other years, but that he is well pleased with the number of tickets sold yesterday.

A one-day canvass for selling the tickets in the residence districts was announced, but it was not possible to see everyone the first day. So the rounds are being completed today. Only four of the eighteen districts of the city were covered thoroughly and no work was done at all in three of them, owing to the workers in these districts for some reason being unable to get on the job yesterday.

J. A. Speirs and George Bedford in district number 11 sold the largest number of tickets yesterday. They worked in the territory themselves and had helpers besides. They sold forty-five adult tickets and ten children's tickets, making a total of fifty-five. E. M. Houchens and L. E. White in district number 6, came out second with forty-seven adult tickets and four for children, making a total of fifty-one. These two districts are in sections of the town where much interest is taken in chantauqua.

What were perhaps more remarkable records than those in districts 11 and 6 were made in district number 7 by W. A. White and number 8 by Mrs. Clara Buck. Mr. White sold twenty-seven, twenty-four of which were adult tickets. His territory was north of the Wabash and east of Main street to the city limits. Mrs. Buck sold twelve, ten of which were adult tickets. Her territory was from Edwards street south to the city limits between Main and Saunders streets. These are two sections in which the population is scattered and in which not so much interest is taken in chantauqua.

Tickets for those who live in the country will be placed on sale tomorrow at the banks and at a number of the stores in Maryville. There will also be solicitors on the streets late Saturday afternoon to sell to those living out of town. Those in Maryville who are missed in the house to house canvass may also secure their tickets at the stores and banks.

A record of all the ticket sales is being kept and that a check will be taken as to who has purchased and who has not, so that a final cleanup may be made on the canvass after all reports have been turned in.

Mr. Todd says that he feels that the success of the canvass is due to two things. One is the fact that the workers have co-operated so well in the sale of the tickets and the other is that the chautauqua program is one which has such general appeal.

It was announced this afternoon that the tickets in addition to being put on sale at the banks will be placed on sale at the grocery stores and at the Hotchkin book store.

Definite arrangements were made today for using the grounds of the Washington School for the Chautauqua. The tent will be placed on the northeast corner of the grounds, where the chautauqua has been held for several years.

The morning Wabash passenger train, due here at 5 a. m., did not arrive until 12:15 p. m., today on account of engine trouble. It was said the engine on the train at Moberly was unable to pull the train and it was necessary to make adjustments and repairs. It was said there were no other engines at Moberly that could be used.

NO CARS AT BURLINGTON FOR WHEAT TODAY

W. E. Goforth Says There Is a Shortage of 110 on This Branch of the Road

Agent W. E. Goforth of the Burlington stated today he was unable to get sufficient cars to ship out the wheat from this city. He said this branch of the Burlington was 110 cars short today. This is the first day Mr. Goforth has been unable to get cars for shipping out wheat. It was said the St. Joseph division of the Burlington was 225 cars short for wheat.

Mr. Goforth said he could see no relief in sight, at least for the present. The strike is responsible for it, it was thought.

DISTRIBUTING BALLOTS TODAY

SHERIFF IS TAKING ELECTION SUPPLIES TO PRECINCTS.

THERE ARE 4 TICKETS

Polls Due to Open at 6 in the Morning and Remain Open Until 7 or Sundown.

Sheriff Steve Roach is distributing today the primary election ballots to be used at the election Tuesday. These ballots will be distributed to the various precincts over the county between now and Tuesday. The county clerk's office has been busy for several days getting the election supplies ready. Envelopes for the return of the poll book and ballots, notices to be posted at the precincts, tally sheets and books had to be prepared and the precincts placed on them, the sacks to carry them.

There will be four tickets at the voting booths for the voters to select from—Democratic, Republican, Socialist and Social-Labor. There will be very few votes of the last two named parties, but to comply with the law it was necessary to print as many of these ballots as were printed for the Democrats and Republicans.

It is not expected that the Republican vote in the county will be large at the primary as they have only two county contests, for presiding judge of the county court and for recorder.

The Democrats are making an effort to get a good vote. Their slogan is 4,000 primary votes.

Democrats and Republicans of each township are also to elect two members of the county central committees at the primary—one man and one woman.

The law provides for the polls to open at the primary and general election at 6 in the morning and remain open until 7 in the evening, unless the sun sets after 7, when they are to remain open until sundown. Six judges—three Republicans and three Democrats—are named to conduct the primary in all precincts and they name four clerks, two recording and two counting clerks.

WARREN R. JACKSON APPROVES SENDING FILMS TO SEDALIA

Des Moines Chamber of Commerce Man Says It Would Bring County What It Deserves.

The Maryville Chamber of Commerce received a letter from Warren R. Jackson, general secretary of the Des Moines Chamber of Commerce, approving of sending the Nodaway County agriculture films to the State Fair.

The letter said: "I am very much interested to know you are planning on showing your agriculture films at the State Fair. I believe most earnestly that the plan suggested is much better than that of the ordinary exhibit from a county. Without question it would attract more attention and would secure for Nodaway County the properly deserved publicity and notoriety which could come from an exhibit placed along with the displays from other counties. We know that Nodaway County ranks above the average and therefore, it should receive attention accordingly."

The Rev. and Mrs. Hughes Here

The Rev. and Mrs. R. V. Hughes and son, John M. arrived this morning for a week or ten days visit with relatives and friends in Maryville. The Rev. Mr. Hughes is pastor of the Christian church at Belleville, Kan. After the visit here Mrs. Hughes and John M. will go to Macomb, Ill., where they will visit with her father, I. M. Legre.

FARM WOMEN TO PLAN PROGRAM

ROCKFORD COMMUNITY CLUB INVITES ALL TO MEETING

AFTER MILLINERY SCHOOL

County Agent and Farm Bureau Members Interested in Giving Greater Service to Women

"The women of the Rockford community believe that there should be a closer association of all the farm womens clubs in the county so that matters of common interest might be taken up together. They believe also, that if the farm bureau is to render the most efficient service to the farm women of the county, through their various community organizations, they should arrange for a definite program of work throughout the coming year, so that application can be made in advance for whatever assistance they need from the extension service."

The above paragraph is a part of a circular letter sent out from the office of Roy A. Kinnaird, county agent, regarding the millinery school that it to be held in Maryville August 30.

"The women of the Rockford club have requested that we arrange for a date sometime during the week of the millinery school, on which there might be held a conference of representatives from all the womens clubs in the county. This conference is entirely separate and apart from the millinery school, but it was thought best to hold it at the same time for convenience, because it was thought in many cases delegates to the school might also represent their club at the conference so whether you expect to have any delegates in the millinery school or not, the women of the Rockford community are very anxious that you appoint a representative from your club to take part in a general conference, to be held at the Farm Bureau office, Friday afternoon, September 1, at 2 o'clock."

"The county agricultural agent and officers of the farm bureau have had the problem of giving greater service to the farm women under consideration for sometime. The suggestion from the women of the Rockford community seems to offer a practical way by which more service can be secured by the women. I sincerely hope that your club will send a representative to this conference, whether you send any one to take the millinery work or not."

Following is the explanation that is contained in the letter regarding the millinery school:

"We find the best way to conduct millinery work is to have two women selected from four communities to take four days training and then to return to their communities to show the other women what they have learned. These women selected, should be able to sew pretty well. Young unmarried women, who are living at home, or women no longer having young children at home, or at least having a daughter able to care for their children while they are gone, have been our best leaders. Often the communities that are to get the benefit of the work of these leaders raise money in some way and pay the expenses of the leaders. These expenses are often just railroad fare and lunches, but sometimes such leaders board in town for the four days.

"Visitors can be invited to see what is going on, and can learn what they can by observing, but the clothing specialists can not handle large numbers of women in millinery work. Eight is all who should actually work. New classes are often recruited from the visitors who come to see the training of the local leaders."

A outline of the work to be taught at the millinery school is contained in the letter Mr. Kinnaird is sending out.

BRIGHTER OUTLOOK IN COAL FIELDS

BUT THERE IS NO ACKNOWLEDGMENT OF A CONFERENCE.

IN BITUMINOUS FIELDS

Little Being Produced in Southwestern Pennsylvania, Where Mines Have Been Reopened.

Washington, July 28. — Government officials are inclined to the view the coal strike is developing favorably for a joint conference of the operators and miners which will permit the resumption of operations. Officials of the national coal association, however, said they had no knowledge of a joint conference within the next few days.

Philadelphia, July 28—Settlement of the mine strike will originate in the bituminous fields rather than in the anthracite fields, President Lewis of the mine workers announced. A joint conference is to be called but if it is held it does not mean that the miners will return to work pending negotiations.

President Farrington of the Illinois miners and it is expected other district leaders are to confer with Lewis.

Springfield, July 28—Robert M. Medill, state director of mines and mineral, was appointed temporary fuel administrator for Illinois by Acting Governor Sterling, in compliance to a request of Secretary Hoover. His duties provide the equitable distribution of coal supplies under the priority order to prevent coal profiteering.

London, July 28. — The executive committee of the British federation of miners has decided not to assist the striking American coal miners pending possible action by the international federation convention at Frankfort on August 6.

Washington, Pa., July 28.—The prospects of mining coal in bituminous fields of southwestern Pennsylvania are not brightened. Spasmodic attempts to resume production under troop protection availed little. Less than one hundred tons were mined where one was reopened.

Lansing, Mich., July 28—Emergency action is required to avert serious results in the coal and rail strikes, Governor Groesbeck of Michigan told President Harding in a letter. Groesbeck was replying to the president's letter disclaiming authority to take summary action for relief in famine stricken districts and suggested to provide legislation. Groesbeck said action not legislation was needed.

STRIKERS MAY BE WORKING IN WEEK

JEWELL SAYS WILL GO BACK IF SENIORITY IS RESTORED.

TEST TO COME TUESDAY

Corps of Workers Busy Sending Out Messages Summoning Presidents to New York.

Washington July 28—The paralyzing rail strike is on the way of settlement. While everyone is quiet, it is considered probable the workers will be back to work within a week.

President Harding has suggested the strikers return to work immediately, especially if the roads are willing to restore seniority rights lost when the strike started.

B. M. Jewell informed the president the strike will be immediately cancelled on the assurance the roads will restore the seniority men. Jewell declined to comment on the matter on going into the White House.

New York, July 28.—Railroad officials have announced that at 11 o'clock Tuesday morning at the Grand Central station the test hour of the strike will come. Leading executives of a hundred and forty-eight roads will meet T. Dewitt Cuyler, chairman of the association of railway executives, and outline a proposal of the president for ending the strike.

Corps of workers are busy on the long distance telephones summoning the presidents from all parts of the country. Telegrams are also being sent out carrying announcements of the meeting.

New York, July 28—Claims of the railroads that many strikers have returned to work and that the service is improving was denied in a telegram sent by the central strike committee of the New York district by Jewell, leader of strikers, who is now in Washington.

Washington, July 28—The separate settlement plan proposed by the Baltimore & Ohio railway to the striking shop men will be rejected, it is asserted in reliable labor circles.

Norfolk, Va., July 28.—The Norfolk & Western railroad declared an embargo on all freight except coal and foodstuffs effective immediately, it was learned here. It is expected it will seriously affect the export shipments from this port.

The thing for us to do
Is to stop worrying about
The grief of yesterday and
To think of tomorrow's joys.

Another class of people in Maryville we can't stand are those who are always telling us something "confidentially."

The bone of contention in many Maryville homes just now is where the vacation will be spent.

Not so many years ago a few persons thought of dancing in the summer.

From what we can hear the mosquitoes are getting in their work nightly on the porch swing occupants and are said to have endorsed anew the modern flapper styles because of the easy access.

Dealers report the sale of auto goggles is falling off. The good roads and improved windshields make the protection unnecessary much to the improvement in the appearance of the average motor car driver.

Uncle Abner says the only way you can be sure of tomorrow is to put your finger on it on the calender.

One of our friends no longer believes the old saying that it is good luck to pick up a pin. He stopped to pick up one on main street the other day and along came a gust of wind and blew his straw hat under the wheels of a passing motor truck.

The average man who is known as thrifty usually is just plain miserly.

It seems that the race has not become fully civilized as haberdashers tell us there are still men who wear celluloid collars.

Louise, the stenographer, says it is better for a man to inherit sense than dollars.

The court house cynic says he has noticed that although it is sometimes said that the office seeks the man, he usually breaks his neck to have it find him.

Straw hats on the heads of the Maryville men have lost their pretty blond appearance. Another sign Summer is waning.

Have you ever noticed how the man who is always blustering gets flustrated?

You can't get around it kindness always pays. Pat a stray dog and he will follow you a mile. Lend some man a quarter and he will come back tomorrow to borrow a dollar.

You can be a bluffer only so long as your money holds out.

Let a Maryville fisherman go into a sporting goods store to buy a few hooks and he will spend an hour catching imaginary bass with the rods on display, one of our salesmen friends tells us.

Post cards bearing the words "I am having the time of my life and surely wish you were here" are pouring into Maryville these days from vacationists.

They say love can make a man do a number of things but it usually concentrates on making him make a fool of himself.

A pessimist's life is usually a greater burden to his neighbors than himself.

Vagrant Musings

A lot of people make an imposing show by imposing on others.

One thing certain success has a chance to spoil few people.

The strongest man is the one who can hold his tongue.

Many slow men are often found fast asleep.

The way to stop scandal is never to tell it in the first place.

Why the Traffic Cop Laughed

"No officer I did not drive by that street car while it was discharging passengers. I may have stopped a little too late and started a second or so too soon.

Vagrant Musings.

The man who can understand the names of the streets as the conductor calls them out is a genius.

The cheerful giver usually has a cheerful liver.

It is all right to spare the rod if you will only spank the child.

The man who gets his shoes run down at the heel is usually run down himself.

Just because a thing is venerable is no sign it is desirable.

Why The Traffic Cop Laughed.

"I swear officer I did not see you hold up your hand to stop the traffic or I would not have tried to cross. You surely will not make me report for this first offense will you?"

Miss Ola McClurg, daughter of Mr. and Mrs. Tom McClurg, of Pickering was brought to the hospital here yesterday.

Mrs. Nettie Warren left this morning for New Haven, Wyo., where she will visit with her daughters, Mrs. Irvin Gray and Mrs. Gladys Brummett. She will be gone about six weeks.

Miss Ora Barmann left this morning for Minneapolis where she will spend two or three weeks visiting relatives.

Democrats Are Urged to Vote at Primary Election Tuesday

The following letter has been sent out by the Democratic County Committee:

July 22, 1922.

Kind Friend:

The Democratic Committee desires to call your attention to the fact that on August 1st we will nominate a ticket for the various state and county offices to be elected this fall. In this time of our country's need, it is imperative that every Democrat go to the polls on that day and assist in nominating the best ticket possible.

We are, therefore, asking the Democracy of this county to put at least four thousand votes in the ballot boxes on the 1st of August. This has never been done at a Primary before, but should this be done, such an interest will be aroused that it will start the campaign right off from the Primary.

We know that you want the best citizens possible in office. It is, therefore, your duty, not only as a Democrat, but as a citizen of our great state and county, to choose those officers. You cannot have a part in that unless you take the time and go to the polls on August 1st. It may take a little of your valuable time, but we ask you, can you not afford to spend this time and perform a duty both to your party and to your country? WILL YOU BE ONE OF THE FOUR THOUSAND DEMOCRATS TO CAST A VOTE ON THAT DAY? This is a challenge to you.

If you have a car, find the Democrats in your community who are without such transportation; take them to the polls. Vote for the candidate whom you think will best serve the party and country and thereby have a voice in the nation's and country's welfare.

We are depending on you as one of the four thousand.

Very kindly,

DAN R. BAKER,
Chairman Democratic Central Committee.

ELLIS G. COOK,
Secretary Democratic Central Committee.

CAPTURED THREE WITH A CAR FULL OF LOOT

Men Accused of Robbing Store at Stanberry, Caught in St. Joseph.

(St. Joseph News-Press)

With the rear seat of a touring car filled with goods stolen from Haas & Wrenn's general store at Stanberry Wednesday night, Dewey Lawter, 24 years old; Harry Van Horn, 22, and Alfred Meek, 20, all giving their addresses as Kansas City, were arrested at Twenty-sixth and Frederick avenue shortly before 6 o'clock yesterday morning by Police Corporal Higland and Patrolmen Bauer and Reams.

At 3 o'clock yesterday morning three switchmen returning home from work at Stanberry saw a car moving slowly around the public square with no lights. The suspicion of the switchmen was aroused and they stopped to watch the car. It halted in front of Haas & Wrenn's and a few minutes later a light kept burning in the front of the store went out. One of the switchmen then went to arouse the town marshal, while the other two kept watch from a distance.

Immediately opposite the store is a room occupied by a railway postal clerk who starts on his run at 4 a. m. He arose at 3:30 and soon after he turned on a light in his room the motor car pulled out. Marshal Elmer De Spain arived a few minutes later. The men in the motor car started in the direction of St. Joseph and De Spain notified the police there.

Isaac Haas, of the Stanberry firm and the marshal set out in pursuit of the robbers, who had twenty-five minutes the start of them. When the pursuing car reached King City it was learned that the car they were following had passed through King City forty minutes before. The marshal and Haas then returned to Stanberry.

The St. Joseph police had no trouble making arrests and the three men were locked up at Central Police Station. Haas came to St. Joseph early yesterday morning and an inventory was taken of the goods found in the car, which he identified. There were 100 suits of men's clothes, 3 dozen silk shirts and a quantity of silk hose, of a total value of more than $2,000.

Lawter and Meek are half brothers and are natives of Stanberry. Lawter was seen at Bethany, Mo., several days ago, driving a Willys-Knight car, the same in which the trio were captured. The car was a stolen one, having been stolen from George Levine, 5811 Chestnut street, Kansas City.

Lawter formerly was in the navy and in 1919 was charged with robbing Dobler & Kessler's saloon in St. Joseph. He was returned here from Mare Island, Cal., tried and acquitted.

Van Horn is not known either here or at Stanberry. He was the only one of the three who was armed, and carried a .38-calibre Colt's special revolver.

The men were to be taken to Albany yesterday afternoon to face charges of burglary there. The sheriff from Albany arrived in St. Joseph late yesterday afternoon.

J. A. MURPHY HERE

Says Staying Out of Moberly "Until War's Over"

J. A. Murphy of Moberly is in Maryville visiting Mose Hahn and other friends. Mr. Murphy lived in Maryville for twenty-one years, prior to his going to Moberly four years ago. His son, A. Y. Murphy, an express messenger who formerly lived here and had a run between Stanberry and Omaha, now has a run on the Wabash out of Moberly, Mr. Murphy says.

Mr. Murphy says in a joking way he is staying out of Moberly "until the war is over." But he explains that things are quiet and that there has never been any disorder that the local authorities could not take care of, although the troops are on the job and are guarding the strikebreakers. Mr. Murphy will leave in the morning for St. Joseph for a visit.

TO THE REPUBLICAN VOTERS OF NODAWAY CO.:

On next Tuesday I know that in every candidate you will consider two points: their honesty, integrity and qualifications on one hand and their strength as a vote-getter on the other. As to the former my record of two years as a member of the County Court is before you. As to the latter, I direct your attention to the almost unprecedented majority I received in Hughes and Polk townships in 1920 when I was a candidate against Judge Davis, a man of character and standing. I refer to these two townships because they are the two in which I had lived and where I was best known.

I especially invite the attention of the lady voters to my candidacy and I hope they will turn out en masse and exercise their rights of citizenship in the first primary contest in which it has been accorded to them.

I most earnestly ask careful consideration of my claims.

Yours truly,

HENRY N. MOORE.

RESTRAINING ORDER.

TO EACH OF THE ABOVE NAMED DEFENDANTS RESPECTIVELY, AND TO ALL OTHER PERSONS AFFILIATED, ACTING, COMBINING, CONSPIRING, AGREEING OR ARRANGING WITH THEM:

WHEREAS, in the above named case it has been made to appear on bill of complaint filed herein which was on this 25th day of July, 1922, presented to Honorable Andrew Miller, sitting as a Judge of the United States District Court for the Western District of Missouri, that a restraining order preliminary to hearing upon a preliminary injunction is proper and that prima facie the plaintiff is entitled to a restraining order restraining the defendants herein and those affiliated, acting, cooperating, confederating, combining, conspiring agreeing, or arranging with them from doing the acts complained of and threatened to be committed; that the injuries threatened are, first, great loss and destruction of Plaintiff's property, second, wronged and unlawful interruption of and interference with the conduct of plaintiff's business as a common carrier and carrier of the United States Mail, third, preventing plaintiff from performing its duties under the Interstate Commerce Act and other Federal Statutes applicable to railroads, fourth, loss of life and personal injury to plaintiff's employes; that said injuries will be irreparable for the reason that the defendants are not so financially responsible that adequate judgments could be collected from them and that the acts complained of are so numerous and committed under such circumstances that the individuals guilty thereof cannot be apprehended; that said wrongful acts are of such a character that they cannot be compensated for in damages and said acts will be committed before hearing unless a restraining order is issued immediately and without notice to defendants.

NOW THEREFORE, on motion of the plaintiff it is ordered that the defendants appear before the District Court of the United States for the St. Joseph Division of the Western District of Missouri at a session to be held in the said City of Kansas City in the State of Missouri in said District upon the 4th of August, 1922, at ten o'clock in the forenoon of said day, and then and there show cause, if any there may be, why the preliminary injunction therein prayed should not issue, and it appearing to the court that there is danger of irreparable injury being caused to plaintiff before the hearing of said application for a preliminary writ can be heard unless the said defendants are pending such hearing restrained as hereinafter set forth, and the said plaintiff's application for a restraining order having been granted by the court, and the plaintiff having executed a bond approved by this court in the penal sum of Five Thousand Dollars securing the said defendants against all loss or damage which may result from the issue of said order if it should be finally determined that the same was improperly issued or that may be awarded to them by reason of the granting of the said order.

IT IS THEREFORE, ORDERED, that the above named defendants, and all persons engaged in the present so-called strike of the members of the so-called "Six Federated Shop Crafts" formerly employed by plaintiff, all persons assisting or aiding them or acting, combining, conspiring, agreeing or arranging with them, and all other persons within the Western District of the State of Missouri, be and are hereby ordered and enjoined as follows:

1. Not to picket the buildings or property of the complainant, or the street, alley, paths or roads leading to such buildings or property, except that not to exceed two representatives of all said defendants may be maintained at each regular and established entrance to complainant's buildings and property for the sole purpose of announcing the strike and peaceably persuading employes and would-be employes of complainant not to work for complainant, but such persuasion shall not be by profane, abusive, libelous or threatening epithets or threatened injury and shall not obstruct any unwilling listener or importunately follow his steps.

2. Not to loiter, assemble, congregate, or trespass upon, about or near the shops, roundhouse, depots, tracks, yards or other buildings or property of complainant or elsewhere, in the Western District of Missouri, thereby intimidating, threatening, coercing, or inducing, by the presence of numbers complainant's employes or would-be employes so as to tend to prevent them from working for the complainant.

3. Not to interfere in any manner with the employes of the complainant in going to and from their daily work or in remaining at such work, except by such peaceful persuasion as announcing the so-called strike and requesting and persuading employes and would-be employes not to work for the complainant, but such persuasion shall not be by profane, abusive, libelous or threatening epithets or threatened injury and shall not obstruct any unwilling listener or importunately follow his steps.

4. Not to interfere in any manner with persons desiring to go into or upon the buildings or property of complainant for the purpose of working for the complainant, except by peaceful persuasion.

5. Not to go to the homes of complainant's employes, either singly or collectively, for the purpose of intimidating them or coercing them, or any of them, to leave the employment of the complainant.

6. Not to threaten or intimidate by letters, telephone, telegram, noise, or personal conversation, or in any manner the wives and families of complainant's employes or would-be employes.

7. Not to injure in any manner any of the cars or locomotives of complainant, or any of the safety appliances, air hose, brakes, couplings or other attachments thereof, or any other property, or buildings, or machinery, or equipment whatsoever, belonging to or used by complainant or its employes in interstate commerce or carriage of the United States Mails.

8. Not to, except by such peaceful persuasion as hereinbefore defined, interfere with, hinder, obstruct or stop any of the business of the complainant carried on by the complainant or its officers, agents or employes in the operation of complainant's railroad, or any department or part thereof in interstate commerce or carriage of the United States Mails.

9. Not to make any threats or suggestions of danger, violence, or personal injury of any kind against the employes or would-be employes of complainant, or the members of their families, and not to commit any act of force or violence or any injury against any such person or the members of his family or his property.

10. Not to protect, aid or assist any person or persons in doing any of the things hereby forbidden.

11. Not to deface, tear down or in any manner mutilate any posted copy of this order.

12. Not to interfere by violence or threats of violence in any manner with any person desiring to be employed by the complainant.

Service of this order shall be made by copy thereof served on the defendants named in the bill and as to those unknown and unnamed the same to be and become effective and binding upon the publication of the same in one or more public newspapers in Maryville, Kansas City and St. Joseph, Missouri, and upon and after the posting of a copy of the same at once or more of the shops of said company.

That the Marshal of this court be directed immediately to publish and post notices of said restraining order; that he be authorized and directed to commission a sufficient number of Deputy Marshals to make said order in all respects promptly effective and to continue the same in effect until the further order of this court.

Motion may be filed for dissolution of this restraining order upon two days notice, as provided by law.

This order signed and issued this 25th day of July, 1922, at 10:30 o'clock p. m.

Wm. G. Sawyers for Prosecuting Attorney

Go to the Primary August 1st, and vote for Wm. G. Sawyers for Prosecuting Attorney of Nodaway County, Mo.

NORTH SIDE SQUARE.

To the Democratic Voters of Nodaway County:

It is my ambition as a candidate for the Democratic nomination for congress and one of the third generations of the McDaniels to live in Andrew County in the center of the Fourth Congressional District, to represent the people in the congress of the United States.

For eight weeks I have driven continuously into every county and corner of this great district and made hundreds of friends never to be forgotten. I have exerted my very best effort that these new made friends might not be disappointed on August 1. May I ask that my faith in them be strengthened by your support on next Tuesday.

I do not ask that you give me the nomination because I have always been beaten but you should vote for me because I have never been beaten. That is the kind of a candidate to send into the November campaign.

Give me serious and careful consideration before you vote on next Tuesday and send a young man with a clean record and a record of accomplishments to congress from this district.

Sincerely yours,

John McDaniel
